Running Policies

You can start a Policy manually regardless of the schedule.

> **ℹ Note**
> Policies have the "On Demand" option instead of the schedule. Such Policies do not start automatically.
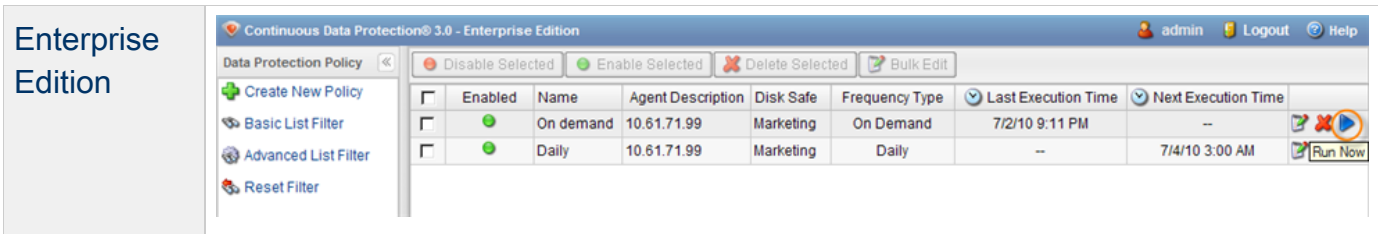

Follow the instructions below to run a Data Protection Policy in CDP.

1. Click on "Policy" in the Main Menu to open the "Policies" window.

2. In the "Policies" list, find the Policy you need and click on the "Run" icon in the "Actions" column of that Policy.

Enterprise Edition	

> **Tip**
>
> To find a Policy, you can use the Basic and Advanced List Filters. See Customizing the Policies List.

3. After the procedure has been completed, you will receive a notification. Click "OK."
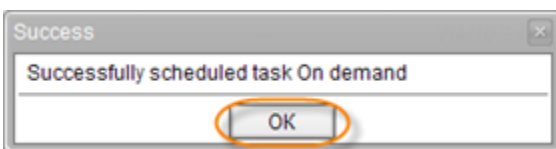

You can see the status of the Task fulfillment on the "Task History" screen. See Accessing Task History.

> **Tip**
>
> The Task results can be sent via Email as a Report. See Reporting.

> **Note**
>
> The alerts and errors that occur during the Policy run are saved in Log Messages. See Viewing Log Messages and [Log Files].

You can also run Policies using the "Policies" tab of the Agent "Details" Pane. This screen provides the same functionality as the main "Policies" screen. See more information in Accessing Agents.

Bulk Running

Follow the instructions below to run multiple Policies at once.

1. Select several Policies by selecting their related checkboxes in the first column in the "Policies" list.

Standard, Advanced Edition	

Enterprise Edition	

2. Click on "Run Selected" in the list toolbar.

Standard, Advanced Edition	
Enterprise Edition	

3. Click "Ok" in the "Bulk Run Results" window.
