# Solved Issue with CDP Server Not Starting After Upgrade

## Symptom

The issue happens when upgrading from Version 3.18 to 4.0 on Debian or Ubuntu (on Debian-based distros).

#### Steps:

Upgrade CDP Server using the following command:

apt-get install rlsoft-cdp-enterprise-server

or

apt-get upgrade

### Resolution

The issue has been corrected in CDP 4.2.0. After an upgrade, the CDP Server starts without problems.
