Configuring User Options

Follow the instructions below to change your Username or Password in CDP Standard Edition.

1. Click on "Configuration" in the Main Menu to open the "Configuration" window.

2. In the "Configuration" menu, click on "User Options."

3. The "User Options" window opens.

User Options		
Username	admin	
Old Password		
New Password		
Confirm Password		

- 4. You can define the following options:
 - Username To change your Username, enter a new one instead of the current one.
 - Password To change your password, do the following:
 - 1. Type your current password in the "Old Password" field.
 - 2. Type the new password in the "New Password" field.
 - 3. Type the new password one more time in the "Confirm Password" field.

5. Click on "Save."
