## Uninstalling Enterprise Edition on Windows

To remove the R1Soft CDP Enterprise Edition from your computer, follow the steps below.

1. Locate the shortcut to the uninstaller program in the Windows Start menu.

The full path to the shortcut is Start > (All) Programs > R1Soft CDP Backup > Uninstall.

Notice The path can be different.		
Internet Explorer     Windows PowerShell 1.0     MySQL     All Programs     R1Soft CDP Backup     Log Off Start     G    6	CDP Configuration Utility  Uninstall  API Documentation	

2. The uninstaller program displays the path to the server being uninstalled in the below window. Click "Uninstall" to proceed with uninstallation.
