

Disabling Policies

The disabled Policy will not execute at the scheduled time. However, the Policy remains in the list and can be enabled again for execution.

Tip
You can disable the Policy in the "Edit Policy" window. See [Editing Policies](#).

Follow the instructions below to disable one or several Policies in the "Policies" list.

1. Click on "Policy" in the Main Menu to access the "Policies" page.

2. Find the necessary Policy in the "Policies" list and click on the "Disable" icon in the "Actions" column for this Policy.

i Tip

To find a Policy, you can use the Basic and Advanced List Filters. See [Customizing the Policies List](#).

i Note

You can also use the "Disable Selected" function. See [Disabling One or Several Policies](#) below.

3. In the opened dialog, click "Disable" to disable selected Policy.

Disabling One or Several Policies

Using the "Disable Selected", you can disable several Policies at once.

1. In the "Policies" list, select one or several Policies by selecting the appropriate checkboxes in the first column.
