

## Viewing Alerts

Follow the instructions below to view task alerts via the CDP Interface.

1. Click on "Task History" in the Main Menu to open the "Task History" screen.

2. In the "Task History" list, find the Task you need and click it.

### Tip

To find a Task, you can use the Basic and Advanced List Filters. See [Customizing the Task History List](#).

State	Alert	Type	Name	Scheduled	Run Time	
✓	⚠	📄	Policy 1	11/18/10 2:01 AM	5m 43s	📄

3. Select the "Alerts" tab in the Details pane.

Summary	Devices	Databases	<b>Alerts</b>	Logs	Policy	File Excludes	Default Excludes	Task
Alert Time		Message						
January 19, 2012 12:10:25 AM CST		Connecting to agent failed						

4. The "Alerts" tab informs users that the current course of action could be in some way dangerous or detrimental. In the following example, you are alerted the process of quota check ran with errors.

Summary		Devices	Databases	Alerts	Logs	Policy	File Excludes	Default Excludes	Task
Alert Time		Message							
January 19, 2012 12:10:25 AM CST	Connecting to agent failed								

**Tip**  
The Task results can be sent via email as a Report. See [Reporting](#).

5. To view the associated log messages, click on the "Plus" sign next to the alert.

Summary		Devices	Databases	Alerts	Logs	Policy	File Excludes	Default Excludes	Task
Alert Time		Message							
January 19, 2012 12:10:25 AM CST	Connecting to agent failed								

6. The log message is shown under the alert.

Summary		Devices	Databases	Alerts	Logs	Policy	File Excludes	Default Excludes	Task
Alert Time		Message							
January 19, 2012 12:10:25 AM CST	Connecting to agent failed								
Associated Log Messages									
Message Time		Level	Source	Message					
1/19/12 12:10:25 AM				Connecting to agent 12.14.60.42 at port 1167 failed: Connection timed out					

**Tip**  
To access all log messages, select the "Log Msgs" tab. See [Viewing Log Messages](#).
