

Solved Issue with Browsing Thousands of Files in Recovery Point

Symptom

While browsing a Recovery Point containing a large amount of files, an error occurs.

Steps:

1. Log in to the CDP web interface.
2. Click on the "Recovery Points" item in the Main Menu.
3. Select an Agent and a Disk Safe.
4. Select a Recovery Point containing a large list of files.
5. Click on "Browse" in the actions icons.

Resolution

The issue has been corrected in CDP 4.2.0. It is now possible to navigate in a folder with more than 200,000 files.
