Accessing Configuration in CDP Server

Follow the instructions below to access the Configuration in your CDP Server Standard Edition.

Click on "Configuration" in the Main Menu to open the "Configuration" window.

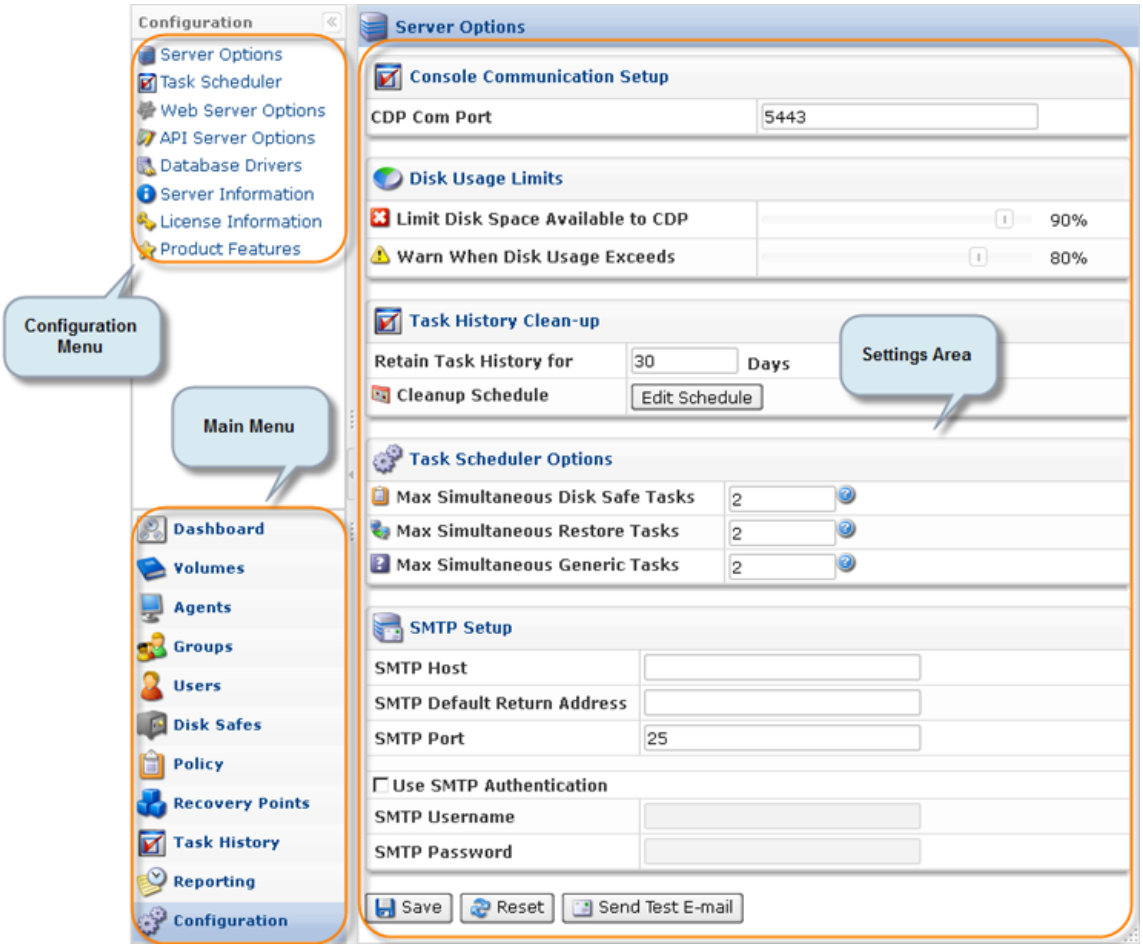

Standard Edition	Advanced Edition	Enterprise Edition
		

Tip
You can access the "Configuration" window by manually appending the /Configuration/ folder to the CDP Server address in the browser address bar. Example: http://10.61.200.31/Configuration/. Note that the address is case sensitive.

The "Configuration" window is divided into the following areas:

- Configuration Menu
- Settings Area
- Main Menu

Configuration Menu | Settings Area

Configuration Menu

The following Configuration menu buttons are available:
